

Bill Crosby, age 46. Enamored by the Gospel, he has served Cavalier Evangelical Free Church for nearly 18 years as their pastor.

He is married to Laurel with four kids, two daughters (Lily and Nora) and two sons (Owen and Micah). When not reading or preaching, Bill likes to ride one of his bikes. He is the World's Fastest Football Padded Pastor. He owns a bike repair shop in Cavalier called Bill's Bikes and Stuff. He is a varsity Cross Country and Track Coach as well. Bill drinks coffee at all hours, so he's the best to serve on the Cooperstown Bible Camp Board of Directors, right?

Kermit Harr was born and raised on a farm in McIntosh County ND. He and his wife, Connie have been married for 47 years and have 4 children and 10 grandchildren. Presently, they are the legal guardians of a handicapped granddaughter who resides with them. Together, they have been active members of the Evangelical Free Church on the Northern Plains District for over 37 years. He received Christ as his Savior in the Fall of 1961 at his home church near Fredonia, ND.

Kermit worked for the State of North Dakota in Human Services for 8 years and the Division of Juvenile Services for 22 years. He retired in 2018. Since then, he has used his skills as a musician to play piano as an accompanist for choral programs at Shiloh Christian and St. Mary's Academy.

As a grandparent, he is busy following the activities of their grandchildren. When time allows, he enjoys hunting and fishing and being outdoors, working in the yard and gardening along side Connie. Throughout his life, he has been active in church music and worship ministry.

This past Fall, Kermit felt that God was leading him to inquire about the role of the Board of Cooperstown Bible Camp and whether he could fulfill a role of serving on the Board. After praying about this and having discussions with trusted Christians, he reached out to begin the process of becoming a board member. He is very interested in the future of the Camp, to see it grow and develop.

Jim Miller – “I was born and raised on a farm near Casselton North Dakota, the youngest of a family of 6. Our family was active in the Moravian church in the community, and I was confirmed and became a member at the age of 13. I graduated from Central Cass high school and from there entered into a career in the manufacturing of farm equipment products. After being employed by Stieger Tractor, Frontier Mfg. and Alloway Mfg., I entered into my own business of farm equipment repair, developing and producing products for seeding equipment and sugar beet harvesting equipment.

My wife, Mary Ann and I have 3 sons, 1 daughter and 8 grandchildren. Presently, we operate Prairie Bilt Sleds, a company producing dog sleds and related equipment for dog mushers around the world. We are members of Saron E-Free church and serve as North Dakota Area Representatives for the Christian Motorcyclists Association.

Mary Ann and I discovered Cooperstown Bible Camp when we brought our dog teams out there for recreational mushing. We liked the area so well that in 2005 we purchased some land and relocated our home and business 4 miles south of the camp. Since then, we have been involved in the activities of the camp and are regular attendees of family camp and men’s and women’s retreats. Our family has experienced great spiritual growth at Cooperstown Bible Camp. I am honored to serve our Lord as a board member at CBC.”
